

## **SHARE Oxford, the Library of Things, is looking for a Wednesday volunteer at Flo's Cafe**

### **What are we looking for?**

Every Wednesday afternoon, to coincide with the Refill Shop, we have started offering to bring items that people can reserve from the Library's inventory to the Café for people to collect and return there the next week.

**If you think you may be interested, come to Flo's on a Wednesday between 12.30 and 3pm, or get in touch with Maurice at [libraryofthings@shareoxford.org](mailto:libraryofthings@shareoxford.org).**

**What is involved :** You will be in the Café between 12.30 and 3, at least. You will have to issue and receive back items that people had reserved through the online catalogue. You'll need to check people's membership, issue the item(s) to them, and take payment. When they return items, you'll need to check the item and register the return on the inventory. As far as possible, you'll need to talk to people about how to use the item, and how they have used it.

Being here is also about promoting the Library and its purposes, so you'll be fronting up for SHARE Oxford too, please.

**For this role :** You need to be fairly comfortable using a simple online. You need to be able to communicate with potential borrowers / users of the items – the Library is not a rental store but aims to develop relationships with its user members. You need to be able to commit with a reasonable degree of regularity.

We will arrange for the items to be made available at Flo's and collected from there too (but if you are able and willing to use our bicycle trailer to bring and return items from our Jericho base, that would be a bonus).

### **Also ...**

We have an approximately monthly meeting of volunteers, where attendance is welcome and encouraged, but not compulsory.

*"As a Librarian I have a regular role, but am also able to contribute more as and when I have the time. We have a great, proactive group that works as a cooperative to push the project forward, it's an exciting new venture to be part of."* Jen, volunteer on Tuesdays.

### **About SHARE Oxford & the Library of Things**

Our mission is to work towards creating a culture of waste prevention and towards healthy economic production and consumption. The Library of Things encourages – and facilitates – the avoidance of waste, and saves space, money, and the environment.
